Have you seen Reiki featured on The Dr. Oz Show?

Reiki has captured the attention of allopathic medicine, complementary healthcare, and consumers worldwide. It has been featured on popular medical T.V. programming, such as The Dr. Oz Show, introduced into hospital operating and recovery rooms, M.D and chiropractic offices. An ancient, hands-on healing technique, Reiki is capable of deeply stimulating the relaxation response, and holistically supporting the body's own innate power to self-correct, restoring health and well-being.
